COMPANY PROFILE

ONE SOURCE GLOBAL SOLUTION

eatec®

Our **Company**

The logo for Eatec, featuring the word "eatec" in a lowercase, sans-serif font. The letter "e" is a light blue color, while the remaining letters "atec" are in a dark grey color. A registered trademark symbol (®) is located to the upper right of the "c".

eatec®

Eatec was founded in 2012 through the collaboration of experts with many years of experience in the heating, ventilation, airconditioning and refrigeration field.

We are paying constant attention to the needs of national and international markets. Eatec stands for its innovative and dynamic approach to its offer and for its great flexibility with which it approaches the market and adapts to specific customer needs.

Thanks to its long experience in the HVAC/R field, Eatec has successfully introduced new product lines, placing the company at excellent Italian and international standard.

eatec®

Our **Mission**

We control your comfort summarizes effectively the principles and the values of the company's mission: quality, satisfaction, customer care and service, but also professionalism, dynamism, flexibility to adapt to every need and, above all, constant attention to markets and innovative products.

The customers' needs and benefits stay in the foreground when it comes to quality and partnership. Our value system towards the employees, customers and suppliers places human beings in the focus of the organization.

eatec®

Our Code Of **Ethics**

The ethical principles inspiring Eatec, and from which its models of conduct derive, in order to effectively and fairly compete in the market, improve the satisfaction of its customers, increase the value and develop people's skills and the professional growth are following:

- compliance with the laws
- ethics, fairness, professionalism
- impartiality
- people's honesty
- transparency and completeness of the information

eatec®

Our **Quality** Policy

We are committed to partner with our customers to exceed their expectations. Our competent and motivated team is engaged in providing the best innovative and reliable solution, in a continuous effort to achieve zero defect and quality excellence.
